Microsoft Dynamics for the Hotel Industry  
One Solution, One Database, All Microsoft

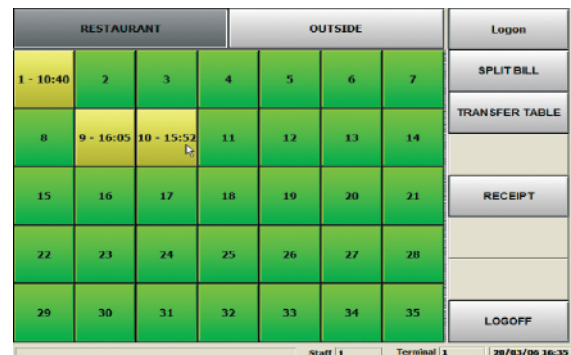

The Cenium EPOS (Electronic Point Of Sale) system is both simple to use and very flexible. It is sophisticated enough to meet the requirements of the most demanding hospitality business but functionally simple in its operation.

The Cenium EPOS system as with the Cenium PMS system is all within one system – Microsoft Dynamics NAV. Invoice information is immediately posted to the ledgers.

## Point of Sale

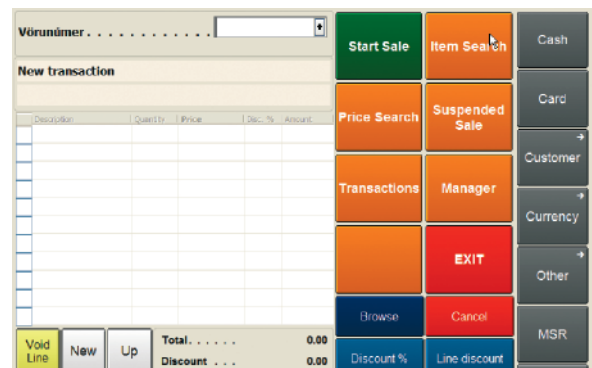

The Cenium EPOS supports the following functionality:

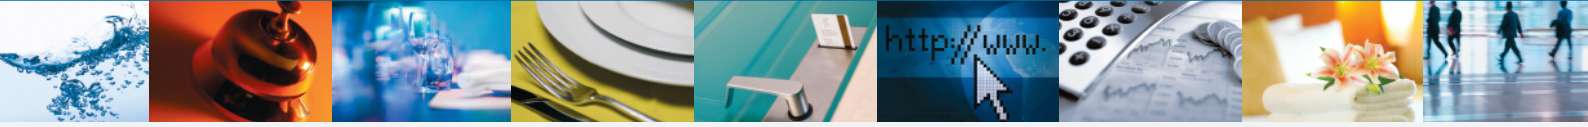

- **Point of Sale**
  - OPOS support
  - Touch Screens
  - Keyboard option
